DIY Kusudama Origami Kit

Quick Start Guide & Instructions

KAIZEN

⚠️ Safety & Care

- **Supervision:** Adult supervision recommended when using craft glue.
- **Workspace:** Keep workspace clean and dry while working with paper.

💡 Pro Tips

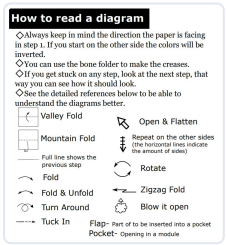

- **Optional Glue:** Assembling is secure on its own, but glue adds long-lasting sturdiness.
- **Toothpick Tip:** Dab small amounts of glue inside modules with a toothpick for clean assembly.
- **Crisp Creases:** Take your time making sharp folds for a smooth, symmetrical paper ball!

📦 What's Included

- 24x Origami Paper Squares *(Makes 2 complete balls!)*
- Craft Glue & Toothpick
- 2x Decorative Tassels
- 2x Hanging Strings
- Instructions

🛠️ Step-by-Step Instructions

1. **Prep Your Paper:** Sort your 24 origami paper squares into two sets of 12 (12 sheets per Kusudama ball).
2. **Fold & Assemble Modules:** Follow the attached instructions to fold your 12 individual paper modules and join them into a complete Kusudama ball.
3. **Add Extra Sturdiness (Optional):** If using glue, dab a small amount on the inside of the modules with the help of the toothpick to keep it extra sturdy.
4. **Attach Tassel & Hanging String (Optional):** Once the ball is finished, glue one decorative tassel to the bottom of the Kusudama and attach the hanging string at the top.
5. **Display & Enjoy!** Your handcrafted Kusudama paper balls are complete and ready to hang and display proudly in your home!
